

Intermediary Group – Parton Youth Club

Question	Agree	Response
<p>8 – Overall views on participation</p>		<p>In the group of 14 [facilitated by Connexions], 9 agreed that the Council should search somewhere else for a repository.</p> <p>Their opinions were Yes as it does not commit us to any thing and could pull out at any time. We would find out further scientific evidence for or against. Government would invest more into the County and this would help the transport infrastructure - both rail and roads. The removed sediment could be used as a potential sea defence. It could help the County with more scientific research. It is a good idea as it would bring much needed work to the area.</p> <p>1 of the group did not agree and 4 of the group were unsure for similar reasons - these were They felt further research is needed before any committment is made and would the repository remain safe in the future?</p>
